

MCS

Low-capacity Crane Scale

capacity 100kg - 1000kg
graduation 50g - 500g

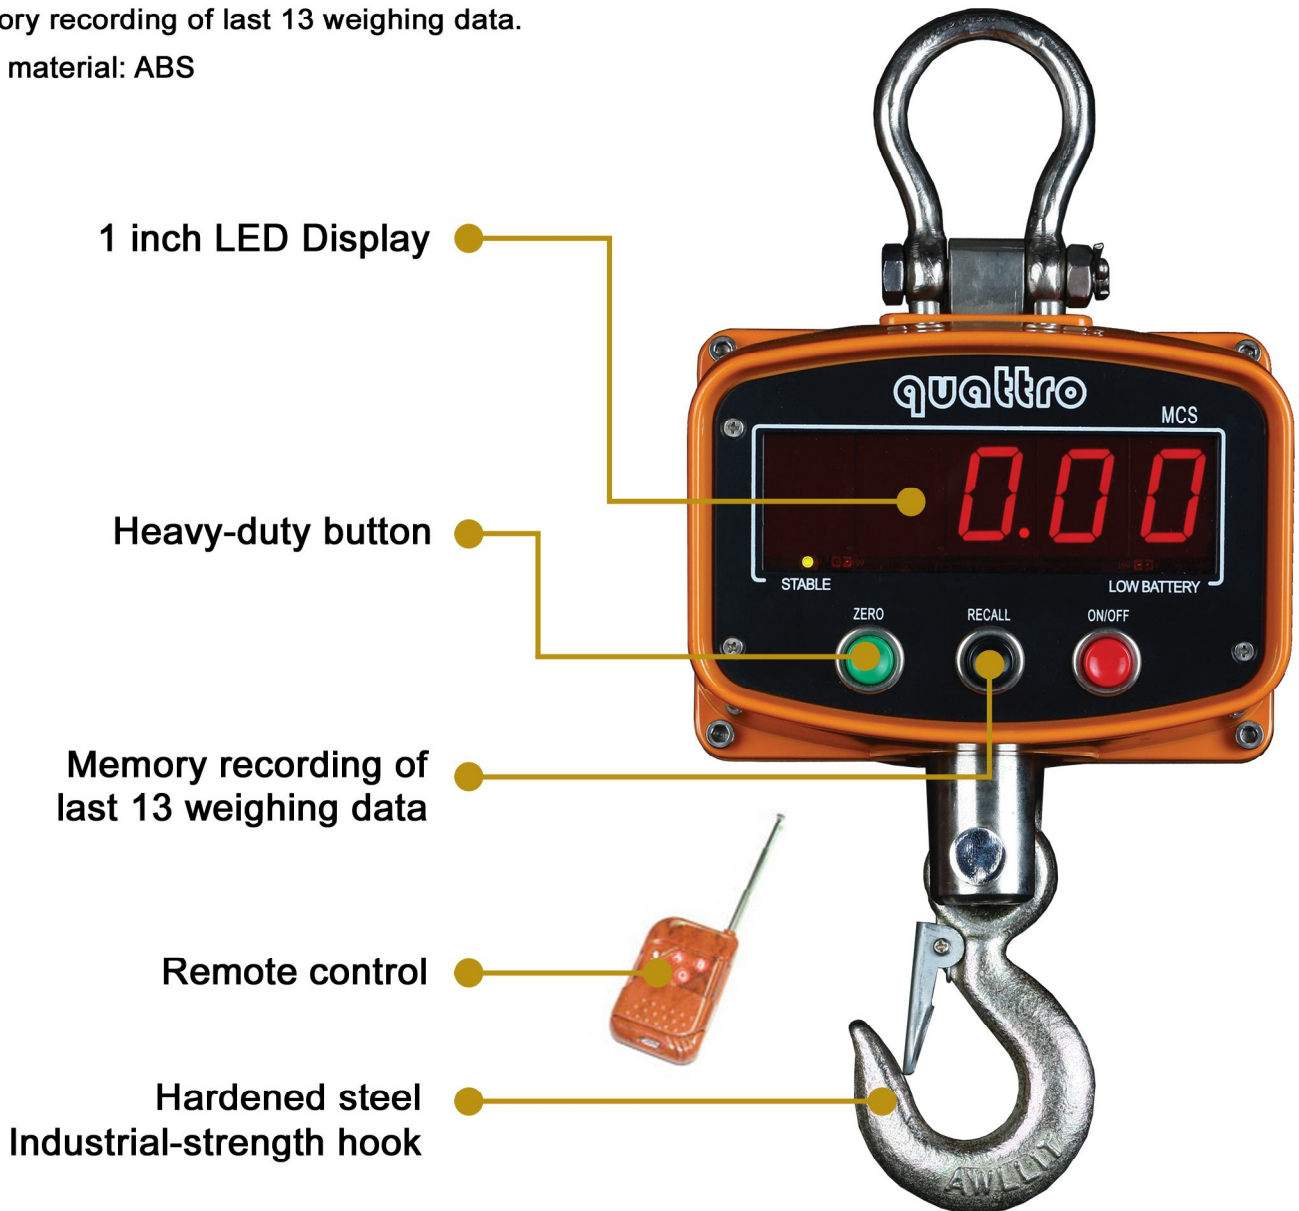

quattro

Features

- Good dynamic weighing performance.
- Reliable stability - not effected by swaying.
- High integrity and reliability.
- High internal resolution of 1,000,000.
- Rechargeable battery.
- Auto shutoff.
- Memory recording of last 13 weighing data.
- Shell material: ABS

Technical specifications

- Internal resolutions** 1/1,000,000
- External resolutions** 1/2,000 - 1/3,000
- Power sources** 6V 3AH Rechargeable battery
- Operating temperature** -30 ~ +85 Celcius degree
- Operating humidity** Max 90%R.H
